

### 8.3 Large and Heavy vehicles (12)

1. A horse drawn carriage is coming towards you. What should you do? I should \_\_\_\_\_
  - a) Avoid making noise
  - b) Drive as far to the right as possible
  - c) ~~Switch on parking lights~~
2. You are driving behind a farm vehicle with a trailer carrying a high load. What must you reckon with?
  - a) Particularly when braking or turning, parts of the load can fall off
  - b) The indicators may be concealed making it difficult to see when combination of vehicles wishes to turn off
  - c) ~~The braking distance of the combination of vehicles is particularly short because of the load~~
3. You want to overtake a horse driven carriage on a rural road. What should you do? I overtake with \_\_\_\_\_
  - a) As little noise as possible
  - b) The most space to the right as possible
  - c) ~~A high engine speed~~
4. You want to overtake a horse driven carriage on a rural road. What should you do?
  - a) I pay attention to the driver's hand signals
  - b) I maintain the most space to the side possible
  - c) ~~I overtake with a high engine speed~~
5. What must you be prepared for when a truck in front of you wishes to turn right into a narrow street? The truck will \_\_\_\_\_
  - a) Reduce speed drastically
  - b) Swing out to the left before turning
  - c) ~~Move well over to the right~~
6. You wish to overtake a farm tractor with a mounted implement extending beyond its back. What you remember?
  - a) The mounted implement can swing out when the tractor turns
  - b) The rear lights may be heavily soiled or concealed, making direction signals difficult or impossible to see when they are on
  - c) ~~Farm tractors can always be overtaken safely due to their low speed~~
7. A big combine harvester in front of you wishes to turn right. What is correct? The combine harvester \_\_\_\_\_
  - a) Will slow down drastically before turning
  - b) Will swing far out to the left when turning
  - c) ~~Cannot swing out due to rear wheel steering~~
8. How can you tell if a horse-driven carriage wants to change its direction?
  - a) A flashing indicator
  - b) The driver extends his arms
  - c) A traffic paddle is displayed
9. **VIDEO:** Why do you have to continue to brake? Because of the \_\_\_\_\_

- a) blue truck
- b) refuse truck
- c) ~~cyclist~~

10. **VARIANT PHOTO:** What should you do in this situation?

- a) Reduce speed
- b) Be ready to brake
- c) ~~Continue driving as before~~

11. **VIDEO:** What should you anticipate? That the truck in front of me \_\_\_\_\_

- a) will come to a sudden stop
- b) will swing outwards even more
- c) ~~will remain stationary in the right hand lane~~

12. **VIDEO:** What should you do?

- a) I stop
- b) I move into the middle lane now
- c) ~~I drive carefully past to the right of the truck~~
